

Procorem WorkCenter Request

Developers intending to submit an application for WHEDA financing or other WHEDA allocated resources must complete this form and submit to HTC.FAQ@WHEDA.com for each individual project and each individual resource requested.

You will receive email confirmation that your WorkCenter has been created. If you do not receive notification within two business days, please e-mail the address listed above.

Any new users that will require access to the WorkCenter should be identified in the form below. You will not be able to add additional users after the WorkCenter has been created.

As the Developer, you understand and acknowledge the following:

- WHEDA is authorized to act upon all information submitted by the Developer, any person signing on with the Developer's e-mail address and password.
- You will use sound security procedures and safeguards to ensure that all submissions of information are authorized and to protect passwords from unauthorized or improper use
- You have read the Terms of Use
- You have read this entire statement and are duly authorized to accept it on behalf of your organization

WHEDA requires all application materials to be uploaded to Procorem. Printed copies of applications are not required.

Sound Security Procedures and Safeguards:

- Users should not set their passwords to be the same as their e-mail address
- Passwords should not consist of common pieces of information about the user (i.e.: birthday, child's name, anniversary, email address, etc)
- Passwords should consist of both letters and numbers
- Passwords should not be real words that are recognizable in any language
- Users should not share their passwords
- Users should never write their password down
- Users should make a complete change of their password. For example, if your password is john1, do not change your password to john2 or john11 when your password expires. An example of a complete change would be to change the password to ca3vhrd1
- Passwords should be changed every 60 days
